 Guadelest, Alicante

This spectacular estate houses two independent farmhouses built in the 19th century, both surrounded by beautiful fully fenced garden spaces. Of the two buildings or farmhouses, one of them, the main one, is completely rehabilitated with high quality noble materials, such as ceilings with wooden beams, clay floors, stone exterior details, details with ceramic tiles on the stairs, and conditioned with oil heating by radiators. The other farmhouse, although restored in the twentieth century, would need to be reformed.

The main farmhouse is divided into three floors. On the ground floor to which we access through a beautiful porch, we find a large kitchen-office with pantry, a separate dining room with fireplace, a living room at two heights also with fireplace and a toilet. On the first floor are the five bedrooms, two bathrooms (one of them en suite) and a living
